=====

Catching the rain

I looked up and tried to catch the rain from the sky,
But I seem to have failed, my hopes were so high.
So excuse me while I silently sit and cry,
For I seem to have caught the sky's rain in my eye.

~~~~~

Fly

One day I saw  
A bird so high  
Fly above me,  
There in the sky

And there I wondered,

Down on the ground,

How can he rise

From this harsh cold ground,

And what if he fell  
From his place so high  
Would he miss  
His place in the sky?

This I can't know,  
Till my time is nigh,  
How that little bird  
Can fly high in the sky.

Destroy the monster

Shatter the glass of friendship,
Sink the ship of love!
Destroy your social side
And curse the ones above!

You had it once and now it's gone!
Gone forever more...
You're oh so high,
Then oh so low,
Ya never know ya never know
What life will send to come-
and smash-
down your door!

Break open your mind,
Your reality sniffs

Is there any thing left behind,
You're losing your will!
You're losing your mind!
But have you lost-
Your will!

To fiiiiiiiiiiiiIGHT?!

The monsters here!

He's bangin' at your door,

He's come to break down your mind,

And your soul forever more.

Will you fight him

Will you love him

Or boot him to the skies?

Will you kill him or destroy him

Or will you let him see the tears-

within-

your eyes?!

Don't let him win!

Don't let him in!

You're not even gonna try?!

He's got a snowball's chance

In Hell on you so

DON'T YOU DARE CRY!

Don't even question why

Just run him through and through,

Make him regret the day he ever

Messed-

With-!

YOUUUUUUU!!!!!!

Getting rather sick of it all  
The poison dark  
it's kingdom sprawl...

Hear the monsters  
in the well  
See the darkness  
sense the smell  
Feel the poison  
and the mind will taste of hell.

Chapter 2 by Kat Hy

OMG YOU USED MY EDIT!!!! ITS MINYOONGII, HI KATTTTT!!!!

Emptiness fills my lungs,
I
Can't
Breathe

It suffocates me with nothing,
The invisible hands grip my throat,
I
Can't
Breathe

I want to say something,
It blocks my mouth,
It stops my words,
It holds my tongue,
I

Can't
Breathe

I scream,
Nothing stops me from making a sound,
Everyone looks,
I
Breathe

Now they call me crazy,
She's mental,
She's weird,
Stay away from her.

It hurts more then the emptiness that occupies my rejected body,

I
Can't
Live.

Chapter 3 by ParadoxalMirrors

This is how the doors closed
Suffocation like an old friend
Time passes through pain
If it won't start, it can't end

Logic defies the fire
Ashes falling over dying lies
Broken voices crying out
"And so it dies, and so it dies,"

Misery falls those who hope

Dare the locks to twist their keys

Letting loose tormented will

Rekindling hateful memories

Waltz with past passions
Buried beneath years of blindness
Remember when it mattered
To see a single drop of kindness

This is how the doors closed
Sing to me with your last breath
Know you built your own path
And own up to structured death

Chapter 4 by Jayde Avalon

Just any thing! :D also, you're looking lovely today ;)

/Listen/

Voices fall in drops of silence
Voices, liquid amethyst
Voices sail in seas of silence
Voices, silver sheets of mist

Whispers lost in evanescence
Whispers cloaked in silken rain
Whispers, silent evanescence
Whispers on the window pane

Voices in the wind and skies
Whispers hiding in your eyes
Whispers, shadows, crimson skies,
Voices ring, and voices crystallize.

Chapter 5 by ParadoxalMirrors

"Fare thee well, my darling"

It comes from far beyond the hill
With a voice so strong, it's

"Fare thee well, fare thee well,"

It pierces through my very soul
As words and darkness take control

"Alas, we are broken; fare thee well,"

For mockingbirds and diamond rings
Are all just petty, shiny things

"It is time to go home; fare thee well,"

What you did and what you've said
Are all matters best put to bed

"Alas, my darling, fare thee well,"

The melody seeps into my bones
Rotting me with sweet, dark tones

"Across the sea, oh fare thee well,"
"As waves embrace the midnight bell,"
"I loved you once, but time has proved"
"Aches of the heart are best removed,"
"Alas, with every thundering beat,"
"With every blast of hell-fire heat,"

Drums and lights shall synchronize
And purge all of the filthy lies

"Fare thee well, unto the sky,"
"I'm sorry that you had to die,"

Once the gold has cracked and shattered

Beneath, you see a mask now battered

"I've found that I am best alone"

"So fare thee well, and go"

A mockingbird and a diamond crown

Poison the soul till your mind falls down

The wind rushing past your life
All you loved in all its strife

Rock-a-bye, oh rock to sleep
And sink into eternal deep

Fare-thee-well this plan of mine
And unto others, I'll do in kind

Chapter 6 by -

All Will End

It comes to all
No matter where
You will see it

Hushes the rustling forest
Quiets the midnight owl

Kisses the crimson rose
Hugs the apple tree

Snatches a birds song
Steals the wounded dear

Creeps in unseen
Slithers through the grass

It comes to all
No matter where

You will hear it

Hushes fireside chats

Quiets friendly talks

Hugs the crying babe

Snatches joyous memories

Steals spontaneous laughter

Creeps upon hopeful dreams

Slithers away victorious

It comes to all

No matter where

You will know it

Chapter 7 by Emmie (TheSideSaddleArcher)

I

I can't be a good person

No one will ever say

I could win

That's fine the truth is

I'm a failure

Thinking that

I could be beautiful

Ha! So funny, I know that

Living as a crook

Is the way I am

Being loving, kind, and knowledgeable

It's stupid it is

Forgetting about any respect

It will be hard but I will try

Changing my thoughts

Is something I never saw

Kill it

It's how I do things

Perseverance

Is nothing to me

I knew

It's true unless I try again

Chapter 8 by Claire Nash

Droplets of water,
Falling
down,
down,
down,
not enough to drown,
though enough to get caught in ,
Running away, away, away, away,
To a place with shelter,
A place with warmth,
And perhaps a crackling fire,
Welcoming you to sit down
And stay for awhile,
But at the moment,
Yes,
But at the moment,
You are soaking,
Alone,
Freezing,
Only with a picture in your mind of where you are headed,
Yes,
Only the thought.

the end
